

My Car needs a MOT!

From and including 30th March 2020, if a car, motorcycle, light van or other light vehicle requires a MOT, the expiry date of your CURRENT MOT will be extended by 6 months.

Example The vehicle's MOT was due to expire on 3 April 2020.

This will automatically be extended to 3 October 2020. The owner/user will need to get a new MOT by this date.

However, the owner/user will still be legally liable to ensure that the vehicle is kept in a roadworthy condition, if it is not then the owner/user could be prosecuted and the insurance may become invalid.

More information can be found here:
