Your thoughts are welcome on how we are helping you and any ways we can improve support for you.

This is providing a support group for our villages and for many different issues, not just for carers. Well attended and valued.

I FOUND A GREAT HELP OF INFORMATOIN + SUPPORT WITH PEOPLE IN CAFE, WHICH I DID NOT RECIEVE ANY WHERE ELSE.

Meeting people in the same position but living locally and who appreciate some of the problems of living in Bradenstoke.

A great way to meet people that are all in their own way dealing with difficulties in their lives. It's great to be able to have a chit without having to explain your self. great source of info for appropriate organisations.

Without the Toucan Café there would be an awfully large amount of people "soldiering" on by themselves and being in isolation not knowing where to turn, I wish there had been somewhere like this when I was caring for my mother who suffered dreadfully with alzheimers. We had no help from anyone anywhere!

Making connections with others - Peer Support but also Signposting and connecting with professionals that support living with long term conditions in a rural community. Feeling less isolated, improving quality of life.

Non-threatening, informal, Supportive

Having attended this very well run coffee Morning, I cannot Praise it too highly. Local information where to get help and support freely given. Great cake + coffee - time to chat and time out for a short while. Well done + huge thank you for making my husband and I so welcome.
