Subject: Re: Flower Beds - Lyneham

Hi Elizabeth

And also, lovely to meet you.

Please see below quote

Labour = £700

Materials

Sand x 1 ton = £75
Cement x 12 bags. = £85
Fed Mix x 1 = £18

Total Cost = £878

I look forward to hearing from you, and hope you have a lovely weekend enjoying the sunshine.

*** Thanks for checking, quote is total for the job.

The only possible difference might be if we need more materials (I always try to order to job so you don't have waste). But if that happens, we will discuss and agree.
