That is 22 establishments

	Unit cost	First year	Sub years
Xmas tree supports x22	£28	£616	
Xmas tree	£20		£440
Xmas Tree lights	£25	£550	£25
Extension leads	£28	£176	
Pat testing(annually)£15 first £1 for rest			£53
Delivery and recovery of trees and lights			£70
		£1342	£548

It would mean that someone would need to collect and delivery the Xmas trees and the Xmas lights each year. Then after Xmas the trees would need to be picked up and disposed of. The Xmas lights would need to be collected and PAT tested before issuing in the next year. I would suspect that the lights have a life of around five years. So that would mean an extra £25 per year. I would think we would probably have to pay someone to do this, likely cost £70 per year.

We will need to discuss this at the Parish meeting in March
