

Please could you advise where we are currently with all outstanding actions that have remained unresolved from atleast July last year? Esp pertaining to,

- 1) Parking Options Appraisal for the village of Bradenstoke to vote on relating to designated parking outside dog field.
- 2) Scope options to create a dog walking field in Lyneham so that each village has the same facility to reduce traffic and volumes of people in Bradenstoke.
- 3) upgrade of Antiparking Options along all exposed verges in the village, until full resolution via options appraisal agreed and voted on. The village verges up the end of the village are getting trashed.
- 4) Bradenstoke village meeting to discuss overall improvement plan/priorities in village that was discussed but nothing appears to have been done thereafter.
- 5) Fixing Fencing to dog field and potentially Fence playing field.

Also, in light of the recent actions of the MOD to stop access to inner wire for walking etc, therefore meaning use of Bridleway around full perimeter of old air field that in parts can be impassable. Please could you advise who is responsible for maintaining it, and when are they due to undertake routine maintainance to ensure safe access?
