

Can I Attend A Funeral

Cremations

Wiltshire Council's seven cemeteries remain open to provide funeral services. However, to ensure that we can continue to operate safely protect staff and visitors, we have closed our onsite chapels and are following Government Guidance to permit only immediate family members to attend funerals.

This has been defined by the Government as parents, partners, siblings and children.

Burials

Burials may still take place, but it will be at the discretion of the Church or Burial Ground. The family will need to speak to the relevant authorities.

If permitted, the Government Guidance is to permit only immediate family members to attend funerals. This has been defined by the Government as parents, partners, siblings and children.
